RESTRICTIVE COVENANTS  
OAK MEADOW UNIT #2A  
SAN ANTONIO, BEXAR COUNTY, TEXAS

STATE OF TEXAS I  
COUNTY OF BEXAR I

KNOW ALL MEN BY THESE PRESENTS:

That we, OAK HOLLOW CORPORATION, A Texas corporation, acting herein by and through its duly authorized officers, as owner, do hereby adopt and impress the following restrictive covenants upon only the following-described property, which is hereby designated as a separate and distinct divisional unit:

Lot 27 thru Lot 42      Block 3  
Lot 1 thru Lot 13      Block 5  
Lot 1 thru Lot 14      Block 6  
Lots 1 - 15 Block 7, and Lots 1 - 21 Block 8  
OAK MEADOW, UNIT #2A situated in Bexar County,  
Texas, according to map or plat recorded in  
Volume 7800, Page 8, Bexar County, Deed and  
Plat Records.

OAK HOLLOW CORPORATION hereby certifies that it has subdivided the above described land as shown by the map and plat of such subdivision, which map and plat has heretofore been filed as the true and correct survey, map and plat thereof, and which subdivision is and shall be known as OAK MEADOW.

For the benefit of itself as owner of the land in said subdivision, and for the use and benefit of present or subsequent owner or owners of any lot therein, as well as the use and benefit of all future owners thereof, the following covenants are made and adopted to run with the land as hereinafter set out.

If the parties hereto, or any of them or their heirs or assigns, shall violate or attempt to violate any of the covenants herein, it shall be lawful for any person or persons owning any real property situated in said subdivision to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant and either to prevent him or them from so doing or to recover damages or other dues for such violation. The term parties or party does not include the Architectural Control Committee hereinafter appointed by these Restrictive Covenants.

COVENANTS

1. SINGLE-FAMILY RESIDENTIAL LOTS. Lots in Oak Meadow, Unit #2A shall be known and described as single-family residential lots.

2. ARCHITECTURAL CONTROL. No building shall be erected, placed, or altered on any lot until the construction plans and a plot plan showing the location of the structures have been approved by the Architectural Control Committee as to general compatibility of external design with existing structures, and as to location with respect to topography and finish grade elevation. In considering the harmony of external design between existing structures and the proposed building being erected, placed, or altered, the Architectural Control Committee shall consider only the general appearance of the proposed building as that can be determined from front, rear, and side elevations on submitted plans. Considerations such as size, setback,

VOL 7937 PAGE 145

cost and other specific objective requirements are separate and apart from the function of the Architectural Control Committee. The Committee's objective is to prevent unusual, radical, uncommon, curious, odd, extraordinary, bizarre, peculiar, or irregular designs or appearances from being built in the subdivision.

3. ARCHITECTURAL CONTROL COMMITTEE, MEMBERSHIP AND PROCEDURE. The initial Architectural Control Committee is composed of Frank J. and Daniel S. Sitterle, Route 1, Box 21AA, Wetmore, Texas, and Robert A. Nelson, 8103 Broadway, San Antonio, Texas, all of Bexar County, Texas. A majority of the Committee may elect successors, in the event of resignation or vacancy, or designate a representative to act for it at any time or for any period. In the event of death or resignation of any member of the Committee, the remaining members shall have full authority to designate a successor; a resignation is effective when given in writing to Oak Hollow Corporation or its successors. Neither the members of the Committee, or its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. The powers and duties of such Committee and of its designated representative and requirement of this covenant shall cease on and after January 1, 1987; provided, however, that at any time the then record owners of a majority of the lots in this subdivision shall have the power previously exercised by said Committee, through a duly recorded instrument to extend the period during which the Committee shall exercise the powers and duties herein defined. The Committee's approval or disapproval as required in these covenants shall be in writing. In the event this Committee, or its designated representative, fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof approval will not be required and the related covenants shall be deemed to have been fully complied with. There shall be no review of any action of the Architectural Control Committee except by procedures for injunctive relief when such action is patently arbitrary and capricious; and under no circumstances shall such Committee be subject to any suit by anyone for damages. The owners of 51% of the lots in this subdivision shall constitute the majority mentioned in the preceding paragraph.

4. DWELLING COST, QUALITY AND SIZE. No dwelling exclusive of garages, open porches, or patios, shall be permitted on any lot in this subdivision at a cost of less than \$30,000.00, based upon cost levels prevailing on the date these covenants are recorded. Said minimum improvement cost limitations are to be revised proportionately as of the date of actual construction of such improvements on each building site, respectively, to accord with the relative change in the Federal Home Loan Bank Board Index of Residential Building Costs in San Antonio, Texas. If such index values are not available at the time of actual construction, then said minimum improvements limitations above provided shall be revised in accordance with some suitable recognized index showing fluctuations in building costs. The minimum floor area of the main structure, measured to the outside of exterior walls, exclusive of garages, open porches, patios and detached accessory buildings, shall be not less than 1300 square feet for one-story dwellings, and 1500 square feet for multi-level dwellings.

5. MINIMUM MASONRY 50%: For all purposes of these Restrictive Covenants, masonry includes stucco and all materials commonly referred to in the San Antonio, Texas building industry as masonry. A minimum of 50% of the first floor wall area to top of first floor window height and inclusive of openings shall be of masonry or masonry veneer construction except that split level and multi level construction may vary if sanctioned by the Architectural Control Committee and should the plans and specifications so indicate and the plans and specifications be approved as presented without conditions attached.

6. TWO CAR CARPORT/GARAGE REQUIRED. Each dwelling constructed in this subdivision shall have a garage or carport suitable for parking two (2) standard size automobiles, which conforms in design and materials with the main structure.

7. DRIVEWAYS. All driveways in the subdivision shall be surfaced with concrete, asphalt or other similar substance. No boat or trailer shall be parked for storage in the driveway or yard in front of the front wall line of the respective house. The decision of the Architectural Control Committee to allow a variance in driveway location is final.

8. BOAT AND TRAILER PARKING. No boat, trailer, camper body, or similar vehicle shall be parked for storage in the driveway or front yard of any dwelling, nor shall any such vehicle be parked for storage in the side yard of any dwelling unless parked to the rear of a screen fence.

9. BUILDING LOCATION. No building shall be located on any lot nearer to the front lot line or nearer to the side street lot line than the minimum building setback lines shown on the recorded plat. (In any event, no building shall be located on any lot nearer than twenty (20) feet to the front lot line or further

VOL 7957 PAGE 146

back than forty-five (45) feet from the front lot line or nearer than ten (10) feet to any side street line.) No building shall be located nearer than three (3) feet to an interior lot line and the sum of the side yards and/or the distance between buildings shall be a minimum of ten (10) feet. No dwelling shall be located on any lot nearer than fifteen (15) feet to the rear lot line except dwellings on lots facing cul-de-sac streets, half cul-de-sacs, elbow corners or on other unusually shaped lots on which the dwelling may be twelve (12) feet from the rear lot line. For the purpose of this covenant, eaves, steps, and open porches, shall not be considered as a part of a building; provided, however, that this shall not be construed to permit any portion of a building to encroach upon another lot.

10. WAIVER OF FRONT SETBACK REQUIREMENTS. With written approval of the Architectural Control Committee, any building may be located further back from the front property line of a lot than provided in Paragraph 9, where in the opinion of the said Committee, the proposed location of the building will add to the appearance and value of the lot and will not substantially detract from the appearance of the adjoining lots. Should the plot plan or plat showing location of the proposed structure indicate on its fact that a variance is sought or needed, approval of the plans, without conditions attached, shall include approval of such variance.

11. EASEMENTS. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. By acceptance of a deed to any one or more of the above described lots, the owner thereof covenants and agrees to keep and maintain in a neat and clean condition any easements which may traverse a portion of the lot conveyed by deed, including the keeping of weeds or grass mowed within such area.

12. NUISANCE. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

13. NO TEMPORARY STRUCTURES. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently.

14. SIGNS. No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.

15. NO OIL AND MINING OPERATIONS. No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

16. NO LIVESTOCK AND POULTRY. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred or maintained for any commercial purpose.

17. GARAGE AND REFUSE DISPOSAL. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

18. NO INDIVIDUAL WATER SUPPLY. No individual water supply system shall be permitted on any lot.

19. NO INDIVIDUAL SEWAGE DISPOSAL. No individual sewage disposal system shall be permitted on any lot.

20. FENCES. No fences, wall or hedge in excess of three feet (3') shall be built or maintained forward of the front building setback line of the respective house.

21. SIGHT DISTANCE AT INTERSECTIONS. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner lot with the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. No tree shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent

obstruction of such sight lines.

22. BUILDINGS PREVIOUSLY CONSTRUCTED ELSEWHERE. No building previously constructed elsewhere shall be moved onto any lot in this subdivision. This covenant is not construed to prevent the builder from using a portable field office on one of the lots in this subdivision prior completion of all of the housing units to be built on said lots.

23. RADIO AND TELEVISION ANTENNA. No exterior radio and/or television antennas shall be permitted on any dwelling. This is to include derricks or antennas of any nature mounted on, in, or around the dwelling or the lot upon which the dwelling rests. Any request for deviation from this covenant must be formally submitted to the Architectural Control Committee in writing along with appropriate scale drawings depicting the size, location, and intrinsic appearance of said structure and its relation to the dwelling. In no way is the submittal of such a request to be deemed as sufficient to be automatically granted a variance. Said request for variance will be denied should any member of the Architectural Control Committee decline for any reason whatsoever. The decision of the Architectural Control Committee to allow or deny a variance shall be final. Should a variance be granted, in no way shall the variance be deemed to mean that the intent of this covenant is altered to permit antennas or to set a precedent for same.

24. SIDEWALKS. Street sidewalks shall be constructed in accordance with requirements of the City of San Antonio in existing ordinances, including subdivision development ordinance. All utilities shall be underground.

These covenants are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 1999, at which time said covenants shall be automatically extended for successive periods of ten (10) years, unless by vote of a majority of the then owners of the lots it is agreed to change said covenants in whole or in part.

Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

EXECUTED, this the 7<sup>th</sup> day of October 1976.
